Aug 1-5

Olympics Week

Core Value: Sportmanship & Team Building

This week is all about showing off the skills campers have worked on all summer. Using the full size track on our athletic field campers will participate in long jumps and relay races. Older campers have the option of doing triathlons and chariot building competitions. All campers will receive participation ribbons and our focus will be on team building and healthy fun competition. Olympics week will culminate with a camp wide color run!

WEEK

Aug 8-12

Space Week

Core Value: Confidence

What makes the Earth so special? What makes you so special? This week will focus on the science of space while also building confidence in our campers. Campers will build lunar landers that they will test out. For the brave, there will be a "Gravity Drop" activity at our ropes course. All campers can expect to bring home some amazing space artwork such as a galaxy in a bottle and learn what it would take to become an astronaut.

WEEK

Aug 15-19

Shipwreck Week

Core Value: Friendship

The last week of camp will surely solidify those friendships campers have been making all summer, especially when these friends are "deserted on an island" with you! Palm trees and an ocean breeze, campers can expect the grounds to be decorated like a shipwreck on an island. Try bowling with coconuts or learn Morse code. Campers will experience a team challenge where they will test out their raft building skills and see if they "make it off the island!"
